I have been given a chance to ask questions about the pre surgical blood screening provided at Altered Tails and **DECLINE** at this time. Initial: _____

I either certify that my animal has been vaccinated within one year prior to this date or waive my right to protect my animal by having it vaccinated. I understand that I have the option to acquire vaccinations at the time of surgery. I understand that it takes up to two weeks for vaccinations to protect my animal. **I understand that Altered Tails is HIGHLY recommending my animal receive a cone collar to prevent post surgical complications. If I decline a cone collar and the animal comes back for a re-check due to licking or scratching of the incision, I understand that I will be charged for the recheck.**

I understand that anesthesia, surgery, and medications given involve some risk to my pet, including but not limited to pain, bruising, infection and death. Should an emergency arise, I authorize the medical staff to sedate my pet and/or perform such emergency procedures as may be necessary for the health of my pet until I can be notified. I agree to pay, in full, all charges for necessary services rendered for and to my pet. I understand that if my pet has had ticks or currently has ticks, they are at a higher risk for illnesses that can result in complications during or after the surgery.

I understand that the clinic is not responsible for the loss or damage of personal items left with the pet including but not limited to leashes, collars, toys, crates, carriers, and bedding. The clinic is to use all reasonable precautions against injury, escape, or death of my pet. The clinic and staff will not be held liable for any problems that develop, provided reasonable care and precautions are followed. I understand that any problems that develop with my pet will be treated as noted above and I assume full responsibility for the treatment expense incurred. **I understand that Altered Tails is NOT open 24 hours a day; if my animal has medical issues after hours, I will need to take him/her to an emergency vet clinic at my own expense.**
